CEE Attorneys Tomíček Legal s.r.o., advokátní kancelář has gained a significant reinforcement of its team by admission of a new partner, Zdeněk Strnad.

Zdeněk Strnad

Zdeněk Strnad has more than seventeen-year experience in commercial law, during which he worked as a senior associate in the Prague office of DLA Piper Prague LLP and then as a senior associate in a renowned local law firm.

“We are very pleased to welcome Zdeněk Strnad in our team, and especially as a partner,” says Lukáš Petr, another co-owner of the office.” In him, the office has gained into its ranks not only a highly qualified lawyer, but also a manager who will significantly contribute to the further development of CEE Attorneys in the region of Central and Eastern Europe.”

Zdeněk provided legal advice in major infrastructure transactions, particularly in the area of water management. Another important area of legal services, which Zdeněk Strnad has provided since 2006, is public procurement.

In addition to the Faculty of Law at Charles University, Zdeněk Strnad also graduated from the University of Chemistry and Technology of Prague (Faculty of Food and Biochemical Technology). “By combining these two fields of study, CEE Tomíček Legal s.r.o. is now able to offer to its clients, especially those from the food industry, a possibility to use Zdeněk’s unique market knowledge and experience,” adds Lukáš Petr.

Zdeněk Strnad is fluent in Czech and English.
